DONOR 731

(INSTRUCTIONS FOR DONOR)

The attached medical/genetic history questionnaire form is very important to us in obtaining information about you and your family. This form will be reviewed and evaluated by the Medical Director of the Laboratory. Your acceptance into the Donor Sperm Program is based upon a satisfactory review. The following are guidelines to help you fill out this questionnaire.

1. Please fill in all blanks completely using a black pen. Write “NA” in blanks that are not applicable.
2. Please be specific. Avoid expressions such as “natural” or “old age” for causes of death. List any health problems as specifically as possible. Give ages to your best approximation. List exact relationships such as “first cousin through my mother’s sister”.
3. Please provide information on all relatives requested. Do not list names.
4. Please return completed medical/genetic history questionnaire and all consent forms in person to the Laboratory Director of Midwest Sperm Bank upon your next scheduled appointment at the Laboratory.
